Miss Colestock Dedication And Loyalty

When Cleveland High School opened its doors to south St. Louis in 1916, Ruth Colestock was a member of its first graduating class. Following her high school education, she studied at Harris Teachers College and St. Louis University. Miss Colestock began her professional career at the elementary school level, and later went on to teach English remedial reading at Hadley High School. She was also at Central High School. Miss Colestock came back to Cleveland as a counselor about twelve years ago. The youth of St. Louis, to which she has been an inspiration, will always be in her debt.

The Senior Prom . . . a Memorable Occasion

On February 15th, the Boulevard Room at the Sheraton Jefferson Hotel was the setting for the Senior Prom of the Class of 1974. The Encores provided the music for the prom which lasted from eight o'-clock to eleven. Steve Buss, Master of Ceremonies, and Chris Di Prima, Mistress of Ceremonies, excelled in emceeing the Senior Prom. Everyone anxiously awaited the crowning of the king and queen. The retiring king, Paul Dueker, and queen, Vicky Frazier, crowned the new king and queen, Danny Ward and Pat Caola. After the prom the couples saw a special showing of the movie "Sting" at the Stadium Cinema II. For the Senior class, the prom was surely a memorable evening which will not be easily forgotten.

Cleveland had great senior support in their 1973-74 season from Captains Kurt Weingand, Mike Johnson, Bob Mogelnicki, and Dave Wilson.

The Dutch finished the season with a win-loss total of 7 and 3. This record was good for a solid second place. But, the team played better than this record shows; they outscored their opponents 163 to 66.

During the season the team was named "Team of the Week" by the Globe-Democrat and "Team of the Month" by the Southside Journal.

Players named to the all-district team by the Globe-Democrat were Bob Mogelnicki, Mike Johnson, Dave Wilson, Kurt Weingand, and Barry Baker.

Cagers Break Even Consistent Scoring by

With a record of 11-11, the Cleveland Basketball team had a very satisfying season. In the first tournament of the year, the Hannibal Tourney, the team won 3 and lost 1. This record was good for a consolation championship. The Cagers then took second place behind S.L.U.H. in the Dubourg Tournament. Jim Ferry lead the team in scoring with an average of 21 points per game followed by Ron Robinson averaging 16 points and Bob Mosley with 10.

In the 1974 season, the Dolphins swam in six league and non-league meets. The most important meet of the season was against Roosevelt for the P.H.L. Championship. Unfortunately, many of our key swimmers were not physically up-to-par, and Cleveland was defeated.

Despite this defeat, the Dolphins are to be commended for their fine league record of 5 wins and 1 loss, and an over-all record of 6 and 2.

Winners in the 400 medley and 400 yard Free Style Relays were: Brian Roberts, Roger Bartz, Tim Moore, and John Eash. The winners in the 200 yard Medley Relay were Mark Ebersbach, Tim Redel, Dan Hubeli and Larry Padfield. Divers were Jim O'Toole and Tom May.

"What I like most about Hockey is the teamwork involved." Jeanne Heitzman. This year's teams showed exactly what teamwork really is. There were so many girls interested that three teams were created. This enabled the less experienced girls to build up their playing ability. From the beginning of Cleveland's Hockey Team, which was in 1962, to the present day, the hockey record stands at 59 wins, 12 ties and 5 losses. As the scores show, the girls played a very hard and aggressive game.

Orange And Blue: Behind the Headlines

"The ORANGE & BLUE is a paper written by the students." Mr. Reed

The ORANGE & BLUE newspaper is a very special part of Cleveland High School. It is mainly written by several students taking Journalism with Mr. Reed, the ORANGE & BLUE Sponsor. The paper informs the students of the different activities, sport events, and news concerning the school. It usually takes three weeeks to a month to put together the paper. Never-the-less, it was a profitable experience for the students involved in the art of writing.

The BEACON Staff is a special group of people who made this book possible. They took their own personal ideas to come up with the best yearbook. Many exasperating hours were spent correcting and refining these ideas. Although most of the time was spent working, there were also many birthday parties held for the staff members and even a BEACON banquet. The Staff hoped that their hard work pleased all of the BEACON readers.

P-E-P C-L-U-B spells "spirit!" And that's the whole atmosphere where the Pep Clubbers are. They've always gone to all of the sports activities and cheered on our teams from the stands. Another old tradition of Pep Club is Spirit Week. Each Day of the week is set aside for a different activity. This activity includes "Link Day," which the Seniors won this year having 56 links. Some other events were "Orange and Blue Day" when everybody wore orange and blue clothing, and Class Day. On this day all students wore buttons, signs, and other things designating their own class. But, Pep Club not only promotes spirit. They've also helped our teams by selling Football and Basketball passes and by purchasing a stop watch, vitamins, and a vaulting pole for the Boys' Cross Country Team. 1974 was a spirit-filled year thanks to the C.H.S. Pep Club.

The Concert Choir was one of the best in Cleveland's history. It performed at Freshman Night, at Christmas Vespers, at Easter Sunrise service in Christy Park, and in the school musical, Damn Yankees. Small groups of the Concert Choir turned the St. Louis area at Christmas to carol for the Christmas Carols Association. Members of the Choir enjoyed singing along with drum, guitar, piano, and organ accompaniments. The Choir achieved considerable recognition through these performances.

The 1974 C.H.S. Bands had a terrific year. The Stage Band played in a number of concerts and contests. Within the contests it ranked among the top ten in Missouri. The Concert Band marched in many football games, played in Christmas and Spring Concerts, served as home band for the St. Louis University Billikens in a hockey game, and performed in "Damn Yankees."

The superb direction of the late Mr. Edward Levinsky made all of this possible. All members of the Bands were saddened by his death on March 30, 1974, but with the help of Mr. Habetler, our new director, the bands strove to carry on his dreams.

Cleveland's Newest Administration

Cleveland means to me "an able administration, a friendly faculty, a courteous student body." Maridoris Mallon

This year, Cleveland welcomed two new Dutchmen to the Castle. They were our new Principal Mr. Albert Reinsch, and our new Assistant Principal in charge of Instruction, with the hope that both gentlemen will find their years at Cleveland satisfying experiences.

Mr. Max Carlisle
Assistant Principal, Guidance

Mr. Dziatlik moved to a new position this year. After having been Athletic Director, he is now Administrative Assistant in charge of student discipline. When Cleveland students need him, he is there willing and able to be of assistance; he has proven to be a great help to all.

Mr. George Hasser, the Assistant Principal assists the Principal in the administration of the school. His specific duties require him to work closely with custodians, electricians, plumbers, engineers, and custodians in order that the school may be properly maintained. He has to make sure that supplies and furniture needed by the students and teachers are delivered. He also publishes needed bulletins, as well as the opening and closing calendars. From time to time, he also performs other duties requested by the Principal.

Cleveland's Counselors

The function of the Guidance department is to render a meaningful and continuous service to the students, to the faculty, to the parents, and to the community. Counselors attempt to coordinate the transition of elementary children into high school here at Cleveland. They frequently confer with parents in regard to problems which arise out of attendance, achievement, and adjustment. The counselors are also interested in trying to find the appropriate high school program for each student on the basis of the student's desire and on his ability to achieve.

Social Studies Prepares the

Attempts have been made to implement an atmosphere in the Social Studies instruction of experimentation, innovation, and evaluation.

Experimentation by teachers has been encouraged without the guarantee of success, in the hope that this would lead to a departure from the normally highly structured curriculum of the past. Mini-courses have been offered in World and American History. Crossing over of subject matter has taken place in cooperation with the Art and English Departments. Textbooks have been extensively supplemented with other teaching materials. A high priority has been given to the needs of the students in the "New Social Studies." Traditional social studies courses have been supplemented by new courses such as African and Asian Studies, Black Humanities, Consumer Economics, and Social Studies Seminar.

Mathematics: A

"Cleveland means to me "a school where teachers care and really try to teach us something!" The Mathematics Department tries to provide a program that consists of at least one course or more for each pupil. There is a variety of offerings from Basic Mathematics to Elementary Functions — Analytical Geometry. Previous mathematical training combined with the pupils' abilities are major factors determining which course they will study.

Consumer Mathematics is a recent innovation for the preparation of the non-college bound pupils. Many of the teachers in this department have participated in National Science Foundation grants for summer institutes and in service studies.

The Science Department was in its second year in its new approach to teaching the various scientific courses. The courses in the department included "A New Approach to Chemistry" and "Exploring Science." The latter is a science course for freshmen. The course offers ten weeks of Physics, Biology, Chemistry and Earth Science. The new approach is continuously being evaluated relative to its influence on the students. Student understanding has a high priority in regard to the worth of this approach. Three Cleveland students distinguished themselves in science this year. They are Paul Nauert who won the Bausch and Lomb Award. John Eash and Dan Agne represented Cleveland at the Southwestern Bell Telephone Co. Senior Day.

The Industrial Arts Department offers such courses as Architectural Drawing, Engineering Drawing, Home planning, Mechanical Drawing, Practical Shop, Basic Industrial Arts, Machine Tool Operation, and Wood Technology. More students study Industrial Arts courses at Cleveland, than at any other St. Louis city school. Several students have achieved scholarship in industrial arts at the University of Missouri. Satisfying Experiences: Music And Art

This year Cleveland's art students have won every art contest this year in which they have been participants. These contests have included French Corner, Scholastic Art, and Veiled Prophet. Among the Cleveland top award winners were Don Clayton, Kris Werner, and Jean Zelle. In addition other art students engaged in a series of exercises and projects designed to increase artistic skill and an awareness of fine art. Cleveland was justly proud of the achievements and contributions made by the Art department this year. Cleveland's musical distinctions for this year are indentified in the Music section which begins on page 105.

Some of the P.E. teachers also coach adult sports and officiate at inter-school sports events at other schools. Other P.E. teachers also supervise an adult cardivascular class. Most Cleveland P.E. teachers supervise after school athletic events.

A great aid to the teachers and students this year has been Cleveland's library. Except on rare occasions, the library was usually open during this year between 7:45A.M. and 4 P.M. The library has served as a resource center for needed information by students for their classes. as well as a location for study. Though small, and as such frequently overcrowded, it is equipped with tape recorders, copying machines, record players, and reader-printer, microfiche readers, etc. Back copies of magazine indexes, the Reader's Guide and hard and paper back books are among the opportunities that are available to Cleveland students. Seeing to it that the library functions for the maximum benefit for all are Cleveland's two librarians, Mrs. Ford and Mrs. Wolf.

There are three secretaries in the General Office. All are 10 or 12 month employees. Their responsibilities vary from day to day. A few of their more routine duties include preparing daily attendance lists, working with the data processing lists, serving as a source of information, preparing work order and equipment forms, records, maintaining personnel files, answering telephones, supervising student help and handling payrolls, and teacher evaluations. Secretarial and stenographic services are also provided at the request of the administrators. Most substitute teachers receive their assignment from the secretaries.

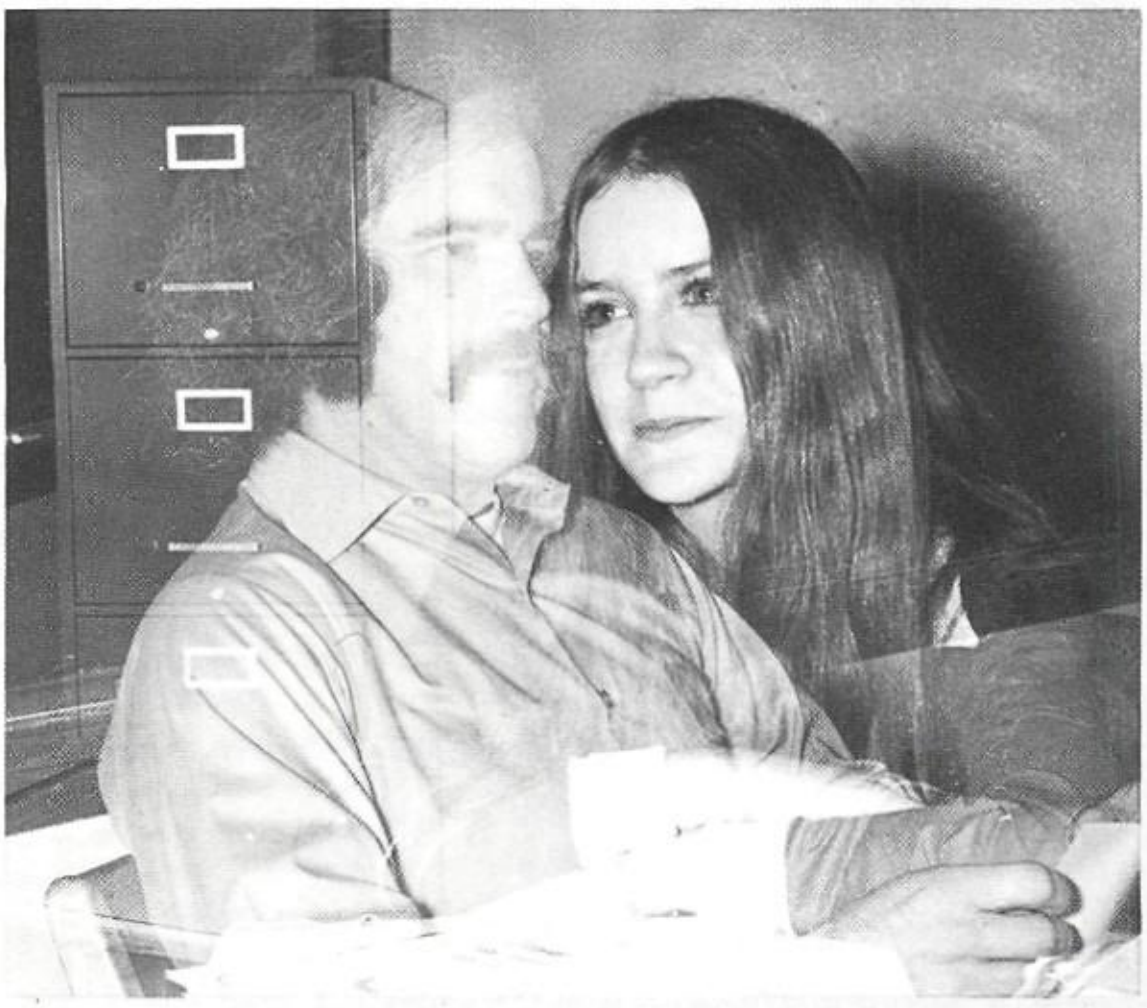
CLASSES

CLASS OF 1977



Cleveland means to me "a fantastic advisor, with a sexy little mustache."

Debbie Loeffler

Cleveland Means . . . . . Preparation for Life

The "castle" opened its doors to the awaiting class of '77 on August 31, 1973. All 685 eager Freshmen swarmed into the front hall. Their anxiety and nervousness slowly faded away as a few familiar faces were seen in the crowd.

Mr. Reinsch, the new Principal, welcomed the new Dutchmen and introduced them to the ways of Cleveland. He warned them about the idiotic pranks of the upperclassmen. After this first Aud, the new Freshmen could be found aimlessly wandering through the corridors in search of their advisories. Surviving the first day, each "Nujay" looked forward to their second day.

On September 27, 1973 the Freshmen and their parents visited Cleveland. Freshman Night was scheduled in order that the parents of the Freshmen could meet the faculty and administration.

Mr. Reinsch made the introduction and welcomed the parents. Entertainment was provided by the Concert Choir and the Dutch Dolls.

After the various speeches and the entertainment, the parents were free to visit the teachers and the administrators. It turned out to be a great night for the parents of our new Freshmen.

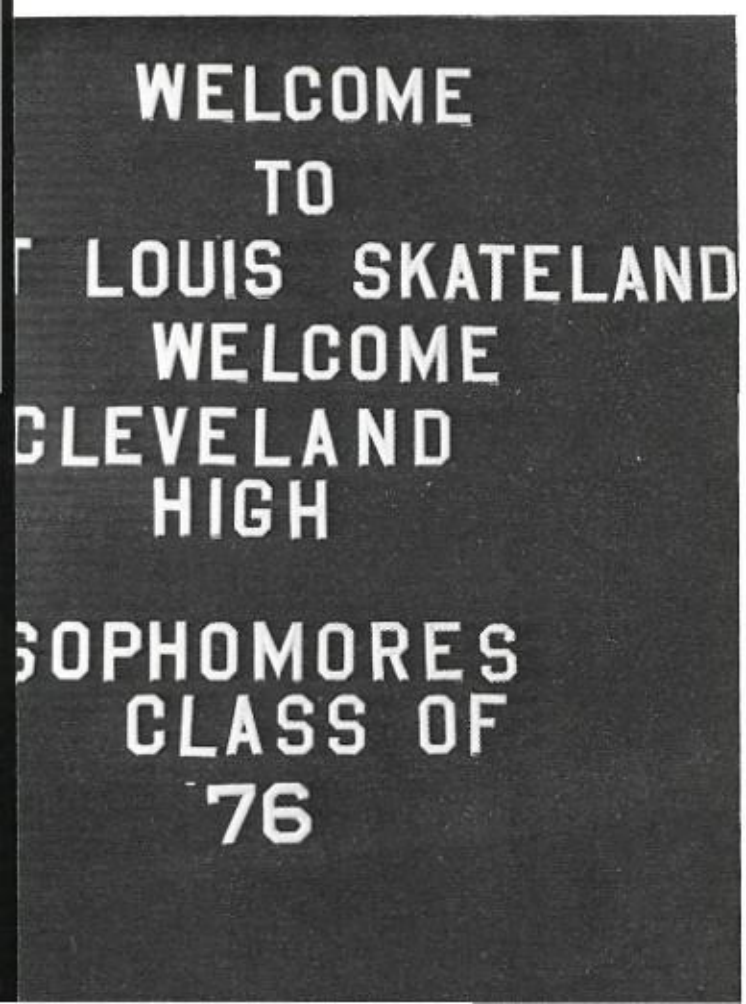
Class of '76

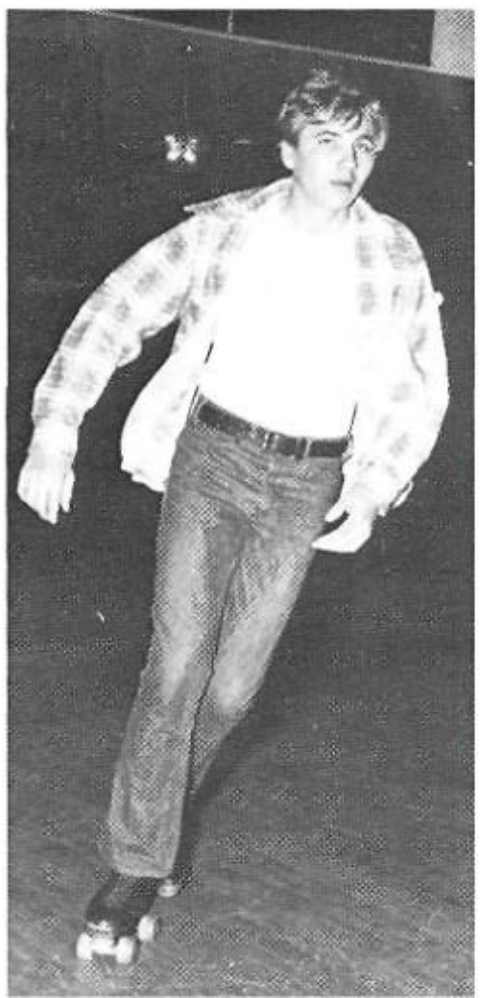
"A Sophomore is a great thing to be." M. Molnar

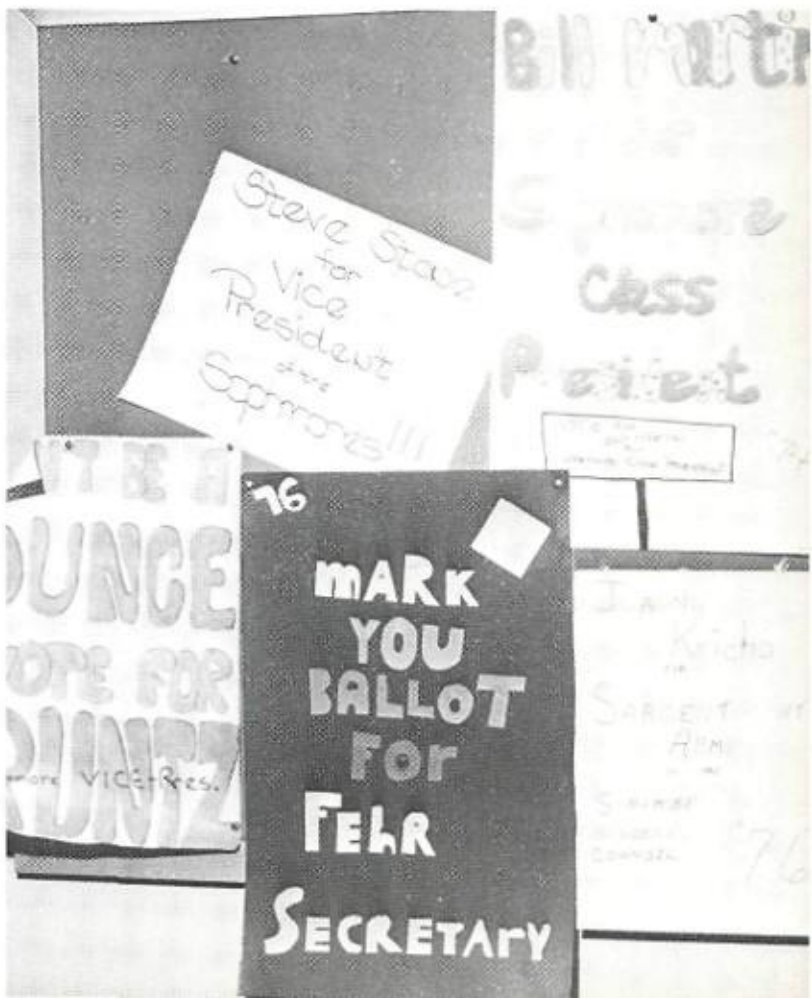
After the summer months of 1973, the sophomores returned to find themselves faced with much to do. Eagerly, they attended to the first chore, which was electing a cabinet. After many speeches, a decision had to be made: "Who to vote for?" The votes were in and tallied; Cathy Chatfield became the first president of the "Class of '76."

Next, Ms. Gallagher and Mr. O'Brien were selected as class sponsors.

Along with the collecting of dues and the selling of T-shirts, sophomores fearlessly conquered skateland one Saturday night. This was only the beginning. June of 1974 found them eagerly awaiting their junior year.







FRONT ROW: Mark Domagalski, Tammy Henry, Sharon Fehr, Cathy Chatfield, Maggie Schwarz, MIDDLE ROW: Ralph Kroeck, Rick Zimbelmann, Larry Wilke, Bob Dopplick, Cindy Eckert, Mary Briskey. LAST ROW: Mr. O'Brien, Donna Caviecy, Sheryl Grossenheider, Sharon Kesel, Anne Hancock, Sherry Hartmann, Debbie Eads, Mrs. Gallagher.

Cleveland Plays Host to Foreign Students

Among Cleveland's student body this year, were two foreign students: Detlef Martin of West Berlin, Germany and Amnah Abo-Reziazah of Mecca, Saudi Arabia. Detlef spent only a semester at Cleveland, studying such courses as French and Psychology. During this time, he lived with the area representative of "Youth for Understanding," which sponsored this international student exchange program. After attending C.H.S. during her freshman year, Amnah will complete her American education at Stillwater, Oklahoma. As a Dutchman, she took courses in Algebra, English, and Clothing, and especially enjoyed playing basketball in gym class. These students proved to be a learning experience in themselves for those with whom they came in contact. A small part of their heritage will remain behind at Cleveland High School.

Our Senior Year . . .

The most memorable part of the hayride was "trying to break through the Red Rover line." Suzanne Duffey. The Junior Hayride was held at Valley Mount Ranch on November 9, 1973. Although the wagons arrived late, the Juniors kept busy by sitting around the campfire and by dancing in the barn. The frosty moonlit night was a night to remember.

The class of '72 had some great times together. Remember all of the hard school work, the cut days, participation as fans and players in the many sports and athletic events, the "rec" nights (which became a thing of the past), the senior rings and senior trip, carnivals, coronations, and proms? With that large range of activities and more, everyone found something to enjoy. These events are what made high school exciting. They gave the school a sense of spirit, and made us proud to say that we were Cleveland Dutchmen.

Leading the school in sports, as both players, the Class of '74 proved itself to be very involved in extra-curricular activities. The years were started off with football and field hockey (which the Seniors dominated).

The Dutch spirit was built up and carried through all of the many sports and activities during the year, ending in track with interscholastic competition. Hats off to the members of the class which cared, to those who worked hard for the reputation of Cleveland High School; not only to the athletes, they are but one example.

It was a hilarious and crazy on Halloween when the seniors spooked the underclassmen. Just about everything was seen in the haunted halls, hobos, a french maid, ghosts, a sandwich, clowns, and yes, even an outhouse! The spooks had a great time.

The Senior Prom Was a Real Smash!

They make a pretty couple, don't they?

The Senior Prom was a lot of fun for everyone. There were some nasty rumors about the prom several days later, yet I think that just about everyone there truly enjoyed themselves. The Seniors had a great time . . . It was a wonderful evening.!" Jane

Cleveland means, "Pride of all the super people here and of a winning team spirit."

Pam Berger

It seems during the first three years of high school, you dream of being a senior. Suddenly, before you know it, you are there. It becomes a time of making decisions, and of anxiety that comes with indecision. You wonder where the time has gone; then you are left with only memories. You remember four long years of hard work, struggling to make the grades and wishing you were out of school. Then you stop to think of the wonderful people you've met, who have become your friends, of the many things you've done, and of all the fun you've had to geth-er. It seems that up to this point, your whole life has been planned out for you; you've had very little to say about your future. Now you start to realize that where you go from here is your decision; you hold your own future in your hands. It is an end, but it brings with a new beginning.
